

Palmer Chiropractic & Wellness Centre
765 Balm Beach Rd.
Midland, ON L4R 4K4

Your Informed Consent

Although Chiropractic is reported to be the safest health care system in the world, some say there are very slight risks associated with it. We feel that it is responsible to let you know:

Chiropractic care has been proven to be both, clinically and very cost effective. The risk of injuries and complications is so small that chiropractors carry the lowest malpractice insurance premiums of all the health care professions in the world.

Compared to traditional medical/drug/surgical care, which has a yearly death rate of approximately 200,000 people in North America, Chiropractic is your safest health care system.

I have read and understand the above consent, and have had the opportunity to discuss it with my chiropractor.

I consent to having a chiropractic exam and x-rays where applicable.

I consent to the care recommended by my chiropractor and extend this consent to include all doctors of this Chiropractic & Wellness Centre. This consent applies to all present and future care for me and my family.
